Call us to contact your local representative.  
**Everest Systems 800.575.8966**

**10- 15- 20-**  
year warranties  
available

# Benefits of EVERMETAL Roof Restoration Systems

**Watertight**—An EverMetal system addresses all sources of roof leaks by sealing all seams and fasteners.

**High Reflectivity and Emissivity**—Nearly 85% of UV light is reflected, and the High Emissivity gives the coating the ability to release any heat that is absorbed which keeps the roof surface +/- 10 degrees from ambient temperature.

**Extends Building Life**—A cool roof surface will reduce expansion and contraction stresses on your building.

**Energy Savings**—Reduced solar heat gain may cut summer energy costs by up to 30%.

**Low Cost**—An EverMetal System keeps more money in your pocket when compared to replacement systems.

**No Tear Off**—Typically there is no need to remove roof and fill our landfills with roof waste.

**Sustainable**—With a simple recoat every 10-15 years, your roof can last indefinitely.
